DINNER

MTI is dedicated to promoting the development and interests of the remittances industry, worldwide. MTI is member-owned and has a powerful board. Board members and advisors of the association include representatives of Travelex, Earthport, Sun Microsystems, Capgemini Financial Services and HSBC.

Services provided by the association include documentation and research of industry trends and developments as well as the provision of a forum to combat money laundering. MTI will create a greater understanding of the informal money transfer market and the opportunities for inclusion into the formal sector. It will also provide a platform for industry networking and business development. Through a programme of best practice initiatives, accreditation, research, education and intelligence - MTI will be at the forefront of thought-leadership in the industry.
